

BLINDS RANGE

TEXTURED | HANDMADE

TEXTURED | HANDMADE

Introducing our new Bohemian Sheer Blind range, where subtlety, delicacy, and elegance converge to create a refined aesthetic. Crafted from the finest quality bamboo, these blinds offer a natural matchstick style that brings a touch of organic beauty to any interior.

Designed with a unique backing fuse, they provide enhanced stability while maintaining their lightweight charm. The middle blackout feature offers 50% shade, striking a perfect balance between privacy and natural light.

Custom orders are welcome, with a maximum width of 2100mm, ensuring these blinds can be tailored to suit your specific needs. Our Bohemian Sheer Blinds are ideal for indoor settings, where they add a sophisticated, yet relaxed atmosphere to any room.

ROLL UP TYPE (ROLLING SYSTEM)

Roller shades seamlessly combine functionality and elegance, effortlessly rolling up to the top of your window when raised.

ROMAN TYPE (CASCADE SYSTEM)

Roman shades gently fold as they are raised, creating a relaxed, traditional vibe for your windows. Ideal for infusing laid-back sophistication, they effortlessly enhance the cozy charm of your home.

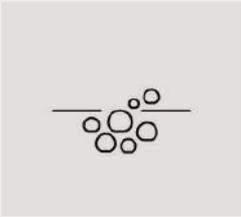

PRODUCT VARIATION DISCLAIMER

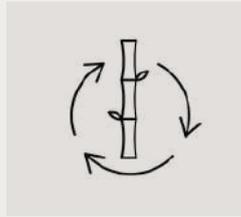

The bamboo material photos displayed in this document serve as an indication of colour. However, due to variations in lighting, viewing equipment, and the photography process, there may be inaccuracies. We recommend using these images as a guide and encourage you to contact us for an in-home or on-site appointment, or visit our showroom to view our full range of materials in person.

Please be aware that bamboo is a natural product, and as such, shades and textures may vary depending on the substrate, batch, grain width, and natural features within the same species. These variations occur naturally and are part of the unique appeal of bamboo. We urge customers to select materials by viewing them in person, ideally in the location where they are to be installed. Contact us to arrange a on-site measure and quote.

A BAMBOO LEGACY

At House of Bamboo®, we are carrying on a legacy that was founded last century, when Mark Snyders first began to source environmentally conscious bamboo. Recognised globally as a leading bamboo specialist, we are committed to creating beautiful, environmentally friendly bamboo products and encouraging Australians to embrace the benefits of bamboo.

A SUSTAINABLE FUTURE

In addition to being House of Bamboo® CEO, Jennifer Snyders also pursues her passion for sustainability by advocating bamboo projects throughout Australia and supporting land regeneration and reforestation.

Having qualified at UNSW with a Bachelor of Science (Architecture), she understands the incredible potential of bamboo and her sense of design and technical understanding has allowed her to develop a range of engineered bamboo products that can out perform timber.
